

# NATURE EXPLORE IS COMING TO CAIU!

Inspiring Nature Explore Workshops provide research-based activities and resources that support comprehensive learning with nature. They help early childhood, elementary, and environmental educators make connections between nature-based experiences for child and curriculum goals, school policies, standards, quality rating systems, and accreditation.

Nature Explore workshops are especially effective in providing strategies for supporting children's learning in science, technology, engineering, and mathematics (STEM), as well as language/literacy, the arts, and social/emotional development.

Sessions are geared to PreK and Kindergarten teachers, but are appropriate for first and second grade teachers too. Informal educators, support staff, and non-traditional learning experiences staff are welcome!

## USING YOUR OUTDOOR CLASSROOM

### WHEN

**MONDAY, JULY 22ND, 8:30-  
11:30AM**

### WHERE

**55 MILLER STREET, ENOLA, PA  
17025**

## **ARTS & NATURE**

### **WHEN**

**MONDAY, JULY 22ND, 12:30-3:30PM**

### **WHERE**

**55 MILLER STREET, ENOLA, PA 17025**

### **MORE INFORMATION**

In this workshop, participants will discover engaging art experiences inspired by nature that help children make deeper connections with the world around them. Participants will experience the Look-Move-Build-Sketch planning tool that encourages multifaceted arts exploration.

## **LEARNING WITH NATURE**

### **WHEN**

**TUESDAY, JULY 23RD, 8:30-11:30AM**

### **WHERE**

**55 MILLER STREET, ENOLA, PA 17025**

### **MORE INFORMATION**

In this workshop, participants will explore some of the common barriers that keep children from creating positive connections with the natural world and discover ways families and educators can counteract them.

# IMPORTANCE OF VISUAL- SPATIAL LEARNING

## WHEN

**TUESDAY, JULY 23RD, 12:30-  
3:30PM**

## WHERE

**55 MILLER STREET, ENOLA, PA  
17025**

## MORE INFORMATION

In this workshop, participants will explore tools for providing more authentic learning opportunities for children in both built and natural environments.

Participants will gain a deeper understanding of why visual-spatial learning is important for all children.
